# Your support teacher

Hello. I'm Stephanie. I'm a language trainer and the owner of the language services agency I founded in 2006.

After graduating from high school with a focus on English and German language training, I spent a year in the U.S. and then completed an apprenticeship as a state-certified foreign language correspondent, followed by a three-year degree program in translation and interpreting (IFB Kempten). I taught at Ravensburg-Weingarten University of Applied Sciences, run my own language school, [Streberstudio Isny](#), and worked for many years in the evening office at Bildung und Beruf GmbH in Kempten where we will do the telc exam at the end of our programme.

## SUCCESS STORIES

We don't just experience German language in the classroom: Through projects like "German B1 career intensive course in Germany" and the "Sailing Classroom" (2nd place in the 2012 Bavarian Innovation Award), I have demonstrated how to successfully combine languages and experiential learning. As a networker, and freelance German teacher, clear communication and education are close to my heart.
